

Inaugural Lecture

Topic : Doing Business in Today's Environment

Speaker : Dr. Giriraj Nyati, Chief Operating Officer, Secure Meters Ltd.

Venue : Neeti Sabhagaar, 2nd floor, Prabha Bhavan

Date : March 24, 2017

Time : 3 P.M. onwards

About the speaker:

Dr. Giriraj Nyati is a PhD holder from IIT Delhi, with BE (Electrical & Electronics from BITS, Pilani) & MBA from Sukhadia University, Udaipur. He brings on rich international experience of working with fortune 500 companies & Nobel laureates like Nakamura san in his previous job as Chief Technology Officer of Moser Baer India. He is India's one of the finest technology experts in renewable energy & is the chairman of 5 government committees constituted by the Department of Electronics & Information technology related to nanotechnology based next generation solar cells. He is also the co-inventor of the "Light Scribe" technology & was awarded the FICCI best prize for "Technology & Innovation" in the year 2010 by then Finance minister, Mr Pranab Mukherjee. Besides he also holds three US patents and 17 Indian patents.

In proposed talk, Dr Nyati would challenge some of the old theories & fads that ruled the corporate world over 5 decades in the light of fast changing market & technological space with real life practical examples based on his professional experience & extensive travel world over.
